

YOUR OUTSOURCED FREIGHT DESK

Your freight desk — not your broker.

All the chartering and logistics muscle of an in-house freight desk — without building one. We structure, negotiate and execute your cargo across every mode for a **fixed per-ton fee**, so we earn the same whether freight runs high or low — and **never take a position against you**.

OCEAN · BARGE · RAIL · ROAD · TERMINAL & STORAGE

WHAT WE DO

Three jobs, across the full freight cycle.

One integrated desk on the cargo owner's side. We don't split the cycle: if we fix it, we run it.

01 — COMMERCIAL

Freight Strategy & Chartering

Buying your freight well.

- ◆ Market guidance & timing
- ◆ Ocean, barge & inland sourcing
- ◆ COA & spot voyage negotiation
- ◆ Charter-party review & support

02 — OPERATIONAL

Voyage Execution & Operations

Running it clean.

- ◆ Broker & carrier coordination
- ◆ Terminal & cargo-flow management
- ◆ Execution, nomination to discharge
- ◆ Real-time voyage oversight

03 — GOVERNANCE

Commercial Oversight & Recovery

Proving & protecting the result.

- ◆ Freight cost benchmarking
- ◆ Laytime & demurrage control
- ◆ Claims oversight & recovery
- ◆ Post-voyage & margin reporting

HOW WE WORK

The model is the difference.

01 Embedded & exclusive

Your standing freight desk, not a voyage-by-voyage vendor — exclusive to you within your lanes.

02 A fixed per-ton fee

A set fee per freight ton, never a percentage of the bill. Our only incentive is to drive your freight down.

03 Never a position against you

We don't trade freight or take the other side of your cargo. Pure representation of the cargo owner, start to finish.

WHO WE SERVE

Companies moving cargo — not building freight teams.

Bulk, breakbulk, project, industrial & commodity cargoes.

Cargo owners

Cargo purchasers

Industrial importers & exporters

Cement, aggregates & minerals

Steel & energy shippers

Traders & distributors

Terminals developing cargo

Project & breakbulk movers

No dedicated freight desk

WAYS TO ENGAGE

One service. You choose the commitment.

The work is always the full cycle. What scales is how deeply we're embedded — from a single cargo to your exclusive standing desk.

01 — LIGHTEST

Single voyage

One-off commercial management of a specific cargo, end to end.

02

Recurring program

Ongoing management of a repeating cargo flow on agreed lanes.

03

COA strategy

Structure & negotiate contracts of affreightment over time.

04 — DEEPEST

Outsourced desk

Exclusive, fully managed desk — your standing commercial department.
